

EXPERIMENT 3 : INSTALL CISCO PACKET TRACKER .

Aim

To download and install **Cisco Packet Tracer** on a Windows computer and verify that it is working successfully.

System Requirements

Component	Requirement
Operating System	Windows 10 / Windows 11
Processor	Intel/AMD 64-bit processor
RAM	4 GB or more
Storage	At least 1 GB free space
Internet	Required for download and login
Cisco Account	Free Cisco Skills for All account

Procedure

1. Open a web browser and visit the official Cisco Skills for All website.

Cisco Packet Tracer Download Page:

<https://skillsforall.com/resources/lab-downloads>

2. Create a free **Cisco Skills for All account** if you do not already have one.
3. Log in to your Cisco Skills for All account and enroll in “**Getting Started with Cisco Packet Tracer.**”
4. Open the **Resource Hub / Lab Downloads** page and select the **Windows version** of Cisco Packet Tracer suitable for your computer. Cisco provides Packet Tracer for Windows, Linux, and macOS. ([Skills For All](#))
5. Download the Packet Tracer installation file and save it to a suitable location on the computer.
6. Navigate to the location where the installation file was saved and **double-click the installer.**
7. In the Setup window, read the License Agreement, select “**I accept the agreement**”, and click **Next.**
8. Select the destination folder or accept the default location and click **Next.**
9. Select the Start Menu folder and additional shortcuts if required, then click **Next.**
10. In the **Ready to Install** window, review the settings and click **Install** to begin the installation. ([Skills For All](#))
11. Wait until the installation is completed and click **Finish.**
12. Open **Cisco Packet Tracer** from the Start Menu or desktop shortcut.
13. Log in using your **Cisco account** when prompted.
14. Verify that the Packet Tracer workspace opens successfully

Result

Thus, **Cisco Packet Tracer** was successfully downloaded and installed on the **Windows system** and is ready for network simulation and configuration.
